The Equine Clinic at Oakencroft will also be offering a wide variety of breeding services for both mares and stallions this spring. In addition to work at your farm, mares can come to the clinic, or surrounding satellite farms, to be bred with fresh, cooled shipped or frozen semen. If you have any further questions about our breeding services please do not hesitate to call our Board Certified Theriogenologist **Dr. Tamara Dobbie** at 518 767-2906.
